

JOINT WORKSHOP

SEG/KOC JOINT WORKSHOP

***Seismic multiples –
Are they signal or noise?***

**Kuwait City, Kuwait
1–3 December 2014**

1 October 2014

Dear Dr. Arthur B. Weglein,

Thank you for your recent submission to the **SEG/KOC Workshop: Seismic multiples—Are they signal or noise?** We are pleased to confirm that your abstract has been selected as a Keynote Speaker (Pre-recorded video) talk under the theme **'Road Ahead'** on Wednesday, 3rd December'14. The selected session will be chaired by Clement Kostov from Schlumberger.

As a Keynote Speaker, you will have 25 minutes to give your presentation. You will want to share the link of the Pre-recorded video for your presentation 2 weeks prior to the event for checking the IT configuration. At the end of the session, we will remove all presentations from the computer.

If you need further information regarding the workshop, please contact Ozlem Kocak at the SEG Middle East office at okocak@seg.org.

Kind regards,

AHMAD AL-EIDAN

Manager Exploration

KOC - Kuwait
